

Finance Services Service Delivery Plan 2025/26

Overview of the service

Financial services comprise Accountancy, Treasury, Exchequer, Payroll, Internal Audit, Insurance and Procurement services.

The purpose of the service is to provide for the proper administration of the Council and its trading companies, financial affairs and the effective stewardship and accountability of public money. The service is also responsible for monitoring the overall financial health of the Council and ensuring that there is a stable financial base from which the Council's service delivery can be maximised.

The key functions and responsibilities of each sub-team within Financial Services are described below.

Accountancy

Medium Term Financial Strategy (MTFS) – the purpose of this strategy is to set a robust financial framework for the Council's plans over the next four years which supports the delivery of the Council's priorities within the context of an annual balanced budget. The MTFS is reviewed throughout the financial year and is revised and presented to Finance and Assets Committee in September and January and Full Council, with the budget, every February.

Annual revenue budget – it is a legal requirement for the Council to set a balanced budget prior to the start of the financial year to which it relates. Members of the finance team liaise with all budget managers to identify their budget requirements for the coming year, including for growth items and whether any savings can be identified. Analysis takes place of Government funding and Council Tax and Business Rate forecasts to ensure that spend and income remain in balance.

Capital strategy – it is a statutory requirement that the Council publishes its medium / long term capital strategy, alongside the budget and MTFS each February.

Budget monitoring – this is carried out on a regular basis with budget managers and service leads throughout the year, with quarterly reports being presented to the

Operational Services and Finance and Assets Committees, showing current expenditure against budget and a forecast in relation to the anticipated outturn position for both revenue and capital.

Annual financial report – The Statement of Accounts must be produced in line with statutory requirements and International Financial Reporting Standards and is subject to External Audit opinion.

Treasury Management – the Council's cashflow is monitored on a daily basis in order to determine the investment or borrowing requirements of the Council. These decisions must be in accordance with the approved Treasury Management Strategy Statement (approved by Council each February), incorporating the minimum revenue provision policy statement and the annual investment strategy.

Insurance

Arranging and administering the Council's insurance requirements and liaising with the insurance provider (currently Zurich) regarding claims.

Exchequer

Administration of creditor payments, debtor billing and allocation of receipts.

Management of taxation issues which are mainly VAT and CIS.

Banking – this includes the correct allocation of all income and expenditure detailed on the Council's bank accounts and producing monthly bank reconciliations.

Payroll

Payment of salaries and expenses to staff, member's allowances and election payments.

Management of returns and payments to HMRC and pension providers.

Internal Audit

Internal Audit is an independent (statutory) appraisal function established to review and recommend improvements to the Council's internal control system. In addition to the statutory functions, Internal Audit acts as the Council's lead on fraud and corruption awareness, detection, prevention and investigation. This service also provides advice and assurance on operational risk management and acts as the Council's key contact on the National Fraud Initiative, the Council's Money Laundering Reporting and Bribery Act compliance.

Procurement

To ensure that the Council maximises value for money in its purchasing of goods and services, by ensuring that procedures are in place, and followed, that allow appropriate competition to take place between suppliers, thus ensuring prices paid are competitive.

Cost of service

The budgeted net cost of running the service in 2025/26 is £719,562, this includes staffing costs (excluding the Director, Finance), contract / service level agreements costs with North Northamptonshire Council for Internal Audit, Cambridgeshire County Council for ad-hoc Procurement advice, MUFG Pension & Market Services for treasury advice, Midlands HR for Payroll, banking services and general office supplies and services (but not internal recharges).

Staffing Information

These services are provided by 8.3 full time equivalents (FTE) staff as follows: Director, Finance 1.0 (budgeted under Corporate Management Team), Accountancy 3.0 FTE, Exchequer 3.7 FTE, Payroll 1.0 FTE.

As detailed under cost of service, a number of services are provided under contract or service level agreement and as such, there are no staff directly employed by East Cambridgeshire District Council in relation to these services.

Forward planning for Councillors

Proposed item	Proposed date of decision	Committee
